

Owl Class News

During the first week of term, Owl class learnt all about mackerel during our Mackerel day. First of all, Mrs Seddon talked to us about the different parts of the fish. We found out all about the mackerel's tail, dorsal fins, pectoral fins and gills.

Mrs Seddon then showed us how to fillet the fish and she fried the fillets for us to try. Mrs BG was very impressed that nearly everyone had a taste of the mackerel. Most of us were surprised by how much we liked it!

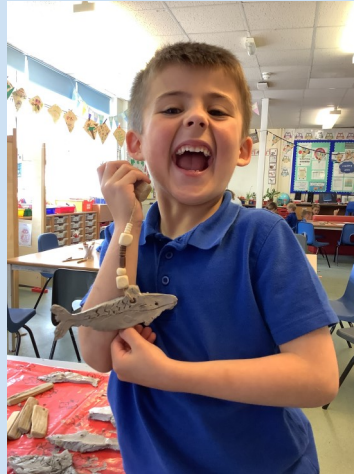

After that, we watched Mrs Seddon gut the fish. Some of this thought that this was a bit disgusting!

We also had a chance to use our observation skills to draw and colour in a picture of a mackerel. These have made a bright and colourful display in our classroom.

Finally, we used clay to make a fish tile and we have now made these into fish mobiles to take home. They look great!

Year 1 have also had a great time taking part in the fancy dress fun run! It was great to see all of the different costumes and the teachers were very impressed with how many laps all the children managed. Well done Year 1.
