My star rating:

What is the book about?

Julian is on a train with his Nana and he sees three 'mermaids'. Julian loves mermaids and wants to be one himself. He goes back to his Nana's house and becomes....a mermaid! Worried about what his Nana might say, Julian is nervous. Nana gives Julian a necklace to make his outfit complete. Nana surprises Julian and takes him to a carnival. Julian cannot believe his luck- he is surrounded by mermaids like him!

Favourite part of the book:

When Julian joins the carnival procession.
