Inspiring children to be happy and confident through music during the pandemic and beyond. Join us on our mission to the moon...

Mission to the Moon is a creative song cycle which takes children on an exciting adventure through interactive music and confidence coaching workshops. During the week, the children will become astronauts on an imaginary space mission to be the first children to sing on the moon. Through interactive music and confidence coaching workshops, they will develop their musical skills, learn how we can experience emotional expression through music and ultimately have fun singing and making music together; building their wellbeing and confidence.

At the end of the week, the children will showcase their new skills in a concert performance of the Mission to the Moon song cycle for all. Parents, families and friends are all welcome! It will be an exciting week full of fun, laughter and musical wellbeing!

The cost of the course is £65 per child / £40 additional siblings. Bursaries available for those for whom the cost would be a barrier from attending. Please email revdrkatygarner@gmail.com for further details.

Workshops will be led by Shean Bowers and Tessa Armstrong, **Voices for Life** co-founders. For more information about our work, please visit www.voicesforlife.org.uk and enjoy watching our wellbeing launch video here <https://youtu.be/j4JYiYvnx8>

Voices for Life is a charity to help inspire children to be happy and confident through the provision of high-quality integrated singing and confidence coaching programmes for primary school children.

Mission to the Moon Summer School Timetable

Date	Song	Workshop Theme
Monday 26 th July	The Voices for Life Wellbeing Song	<p>“Sing to be happy and strong.” <i>How to be the best you can be through singing.</i></p> <p>We prepare to launch into space on an exciting mission to be the first children to sing on the moon.</p>
Tuesday 27 th July	‘The Space Mission’	<p>“Hope, imagination, courage and inspiration.” <i>Dreaming about what you want to achieve gives you the best chance of achieving it.</i></p> <p>We go on an exciting adventure into our imaginations and discover the secret power of the Voices for Life magic telescope. What will it be like to be the first children to sing on the moon?</p>
Wednesday 28 th July	We are all astronauts.	<p>“All the clever things you can do.” <i>We all have different skills and if we work as a team, we can put all those skills together to help each other.</i></p> <p>It’s time to help each other and launch up to the moon! We explore our skills and discover that we can do so many different things to help us on our mission.</p>
Thursday 29 th July	The Unhelpful Planet	<p>“Nearly there at the moon but what is heading straight toward us?” <i>Building confidence to achieve our mission.</i></p> <p>We travel through the solar system of feeling planets visiting unhelpful and helpful feeling planets. What do they look and sound like? Which planets will help us achieve our mission? We will work together to work out what we can do if we bump into an unhelpful planet.</p>
Friday 30 th July	<p>‘We are on our way!’</p> <p>Mission to the Moon performance for family and friends.</p>	<p>“We have come so far.” <i>How the power of music can help us to achieve and be happy.</i></p> <p>We have made it through the solar system of feeling planets and make our final discovery. As astronauts we want to have good wellbeing. We will learn how music can help us to enjoy ourselves and be happy.</p> <p>“Singing on the moon.” A celebratory performance as the children complete their mission and show how the power of music can enrich their lives.</p>
