

# 6M Interview the Paralympians

6M welcomed two famous Paralympian's into our classroom via Zoom this week!

As part of our "Celebrating Differences" work in PSHE, 6M interviewed **Hannah Cockroft** and **Nathan Macguire** to find out more about the barriers they have had to overcome on their journey to becoming a Paralympian.

The class came up with some great questions and found out more about how wheelchair racing works and the time and effort that goes into training to be Paralympic medal winner!

We were full of admiration for their determination to succeed and their achievements and hopes for the future.

Good luck for the Commonwealth Games next year  
Hannah and Nathan.  
From all of 6M!
