

# Year 2's Trip to the Aerospace Museum

Fox and Hedgehog classes (Year 2)'s visit to the Bristol Aerospace museum coincided with one of the hottest days of the year! At the museum the children got to explore Concorde and had a go at working in engineering teams to build their own model Concorde, which they tested against the Airbus plane on a special zip wire (Concorde won – every time). They also explored the museum, seeing up close some of the planes they have learned about this term as part of their 'Let Your Imagination Soar' topic, and enjoyed using their knowledge to complete a quiz. Foxes and Hedgehogs represented West Leigh extremely well with their excellent behaviour on their day out – well done!
